

GAI'A Thalassitis

Region:

Santorini, Greece

Winemaker's Notes:

This unique wine is made from Assyrtiko grapes and is light and aromatic. From porous soil formed by volcanic activity and composed largely of pumice, fully mature grapes are harvested with a dramatically low yield. The resulting wine is almost white in color with delicate honeysuckle aromas and a crisp finish. Excellent with fish, sushi and lamb dishes.

Awards & Acclaims:

90 Points ~ Wine & Spirits Magazine
