**Alcoholic strength:** 13,5% Vol.

**Ageing Potential:** It is recommended for long maturation, beyond 15 years

**Packaging:**

**Tasting notes:**

Deep purple colour. Charming, multidimensional aromatic profile where aromas of red currants, blackcurrants and plums combined with hints of cedar wood and tobacco. The presence of wood is intense but offsets completely from the dense fruity character. In the mouth it presents ideal balance as the robust tannins are 'dressed up' with the fruit and warmth lines with elegance and class.

**Gastronomy – Serving temperature:**

**Enjoy it with fine food. The roast lamb is undoubtedly its ideal partner. Try it with roast red meat, game and semi-hard cheeses.**

**Best served at 18°C.**
