185 40 PIRAEUS - GREECE  
ESTABLISHED 1905

GOLD MEDALS IN ALL EXHIBITIONS ★ OUZO «SANS RIVAL» DISTILLERS ★ BY APPOINTMENT TO H.M. THE KING GEORGE I

## INGREDIENTS OF "SANS RIVAL" OUZO

- ALCOHOL (MADE FROM MOLASSES)
- DISTILLED WATER
- SUGAR
- NATURAL ESSENTIAL OILS OF ANIS, FENNEL, CORIANDER, MASTIC

## PRODUCTION METHOD re. "SANS RIVAL" OUZO

Alembics of 500 liters capacity, are filled with alcohol at 96% Vol., water and seeds of anis, fennel, coriander and grains of mastic.

During the distillation the essential oils of the above seeds and mastic are passing to the acquired "distillat" at 70% Vol. thus giving to the product its characteristic taste and aroma.

To said distillat distilled water is added as well as 2,5% sugar and finished product at 46% Vol. is ready for bottling after 48 hours.
