## MIKÒNU

Established in 2016, Mykonos Brewing Company is located on the world—famous Greek island, Mykonos. Just a few days before Easter, the brand new brewery of Mykonos fired up for their brewhouse for the first time and started fermenting their first batches.

With a combination of Greek malt and Belgian caramel wheat, hard-to-find hops and with the mythological story of the Giants in Mykonos on their backs, Mikònu beer was born. The Mikonu crew is specialized having the young brewers Angelos Feros and Janos Bako, the renowned oenologist Yannis Paraskevopoulos and the seasoned salesman Yannis Myzalis on board.

The flagship beer is the blonde Saison, which is a complex brew of Belgian origin that's designed to be a perfect food pair. White blonde with huge foam and fruity yeast aromas such as cloves, pepper, lemon, citrus, wheat and straw. The mouth is firm, dry with a taste of yeast, hops, honey, pepper and lemon. The spicy side is perfect in a fruity finish and a moderate hopping.

The American Pale Ale is a hoppy, mildly bitter, highly aromatic ale. Pours clear, copper-gold with a light, foamy white head. Light sweet flavor with perfectly offsetting hops. Lightly toasted grass, citrus rind with a touch of toasty malts. Light bodied with fine to average carbonation. Crisp finish with light, with subtle tropical fruits, light pine needles, some grass, orange citrus, mango.
