

## Tsipouro Tirnavou Katsaros Family (anise free)

**Classification:** Tsipouro with Geographical Indication Tirnavos.

**Country of origin:** Greece

**Grape variety:** 100% Muscat of Hamburg

**Alcohol content:** 42%

**Distillation and aging process:**

By selecting the best Muscat grapes which experts define as one of the oldest varieties, we create unique and authentic spirit with rich flavor and natural taste. This quality is achieved by using seeds and herbs harvested with great care.

For the production of 1 liter Tsipouro 5 kilograms of grapes are used. This ensures the quality of the product. Notably, during distillation we keep only the heart of the distillate and the first and last parts are distilled again on the next distillation. So we always use the heart, which is then diluted with the addition of purified water, giving us a Tsipouro of the highest quality at 42% vol. alcoholic title.

This final product is then filtered and placed in stainless steel tanks for about 2 weeks, in order to assimilate the entire mixture.

The Tsipouro is then filtering once again before being bottled automatically in glass bottles, which are placed in carton boxes ready for distribution. It should be noted that the Government Chemistry Laboratory supervises each distillation that is performed.

The extract percentage is 100% and the sugar percentage is 0%.

**Tasting notes:**

- **Color:** bright water-white
- **Nose:** Fruity aroma of the special variety of Muscat Tirnavos
- **Palate:** Velvety taste of marc grape of Muscat Tirnavos variety with a discreet spicy finish and long lingering aftertaste.

**Pairings:** Enjoy it with Greek traditional cold & hot Mediterranean dishes or mixed in inspired cocktails.

**Serving temperature:** Cool at about 10 ° C

**Awards:** Silver medal IWSC (International Wine & Spirit Competition) 2008  
Silver medal IWSC (International Wine & Spirit Competition) 2009  
Bronze medal IWSC (International Wine & Spirit Competition) 2011,  
Silver medal Wine Tasting Competition-Premium Select Spirits Int. ROWEIN 2013  
Gold medal Olymp Awards - Food and Drinks Competitions 2017

**Producer:** KATSAROS DISTILLERY keeps the brunt of a heavy history of 160 years. It is a four generations family run located in Tirnavos. **It is the oldest distillery of ouzo in Greece** and the world, since there was born Ouzo, this national product. Here we continue to distill as then, since 1856. With soul and vision, we put the handcrafted copper stills in modern facilities, here in Tirnavos and made our production possible. Since 1930, our spirits walk all around the world and we make sure they go even further. Our spirits, which won medals and quality distinctions in exhibitions worldwide from 1889 till today, shine like bright stars justifying our labors. During this long journey we travel along with our Ouzo, Tsipouro, Liqueur, Ouzo Triple Distilled and Aged Tsipouro trying not to be just winners, but to dominate.
