

**THYMIOPOULOS VINEYARDS
TRILOFOS –NAOUSSA-GREECE**

YOUNG VINES

Name: **YOUNG VINES (JEUNES VIGNES DE XINOMAVRO)**

Type: Dry Red wine

Category: P.D.O. Naoussa

Variety: Xinomavro 100%

Producer: **THYMIOPOULOS**

Vineyards: The vineyards are located at Trilofos(180-200M) and Fytia(200-470m), at southern tip of the appellation of Naoussa. The vineyards are 7-15 years old. The vines are cultivated biodynamic and they are certificated organic. The altitude of vineyards is between 180-470m, with a soil, where there are slivers of limestone bedrock which make wines of real class. The density of plantation is 8600vines\hectare. The production \ hectare is 9000kg of grapes.

Microclimate: It is characterized by cooling winds that blow down from Mount Vermio in the warm summers and by dispersed rainfalls that are marked at all the duration of time.

Harvest: Manual harvesting in small picking boxes, on 26 September.

Vinification Method: The grapes are handpicked. The alcoholic fermentation starts with wild yeast and always with checked conditions. In the end of alcoholic fermentation and the completion of malolactic fermentation, the wine ageing in the tanks. Bottled unfiltered.

Tasting Characteristics: Splendid, purple red colour. Complex, typical bouquet of red small fruits, cherry, blackberry, plum. Full mouth, rounded tannins, balanced acidity. Long and pleasant aftertaste.
